SUNWIRE

SolSwitch™-1000

For Single or Multi-site Small and Medium Businesses

- **Up to 250 users**
- **Intel Xeon 3.3Ghz**
- **Redundancy upgrades available**
- **Ideal for multi-site environments**

Overview

The SolSwitch-1000 is ideal for supporting medium-sized single site businesses or larger multi-site organizations. An IP-based phone system, all SolSwitch models come with a set of standard phone system features with the option of upgrading to the Advanced Features.

This 1U rackmount supports up to 250 users, has no extension or voicemail limit and is compatible with a wide-range of devices and services – giving you total control over the functionality of your telephone system.

SIP-ready and fully compliant to the SIP standard, the SolSwitch has the ability to integrate with analog lines and/or devices.

All SolSwitch models come with a 2-year warranty with the option to purchase a 5-year extended warranty.
